Bound For The VCR

By Mistress Michele

Come in and sit down. I'm sorry, but Wimp couldn't come to the door. This morning he forgot to wax my car. So I've ordered Isobel to wax him. They'll be along as soon as the candle has completely burned out. If you hear a muffled scream before that, it will be because the dear boy is having trouble controlling himself.

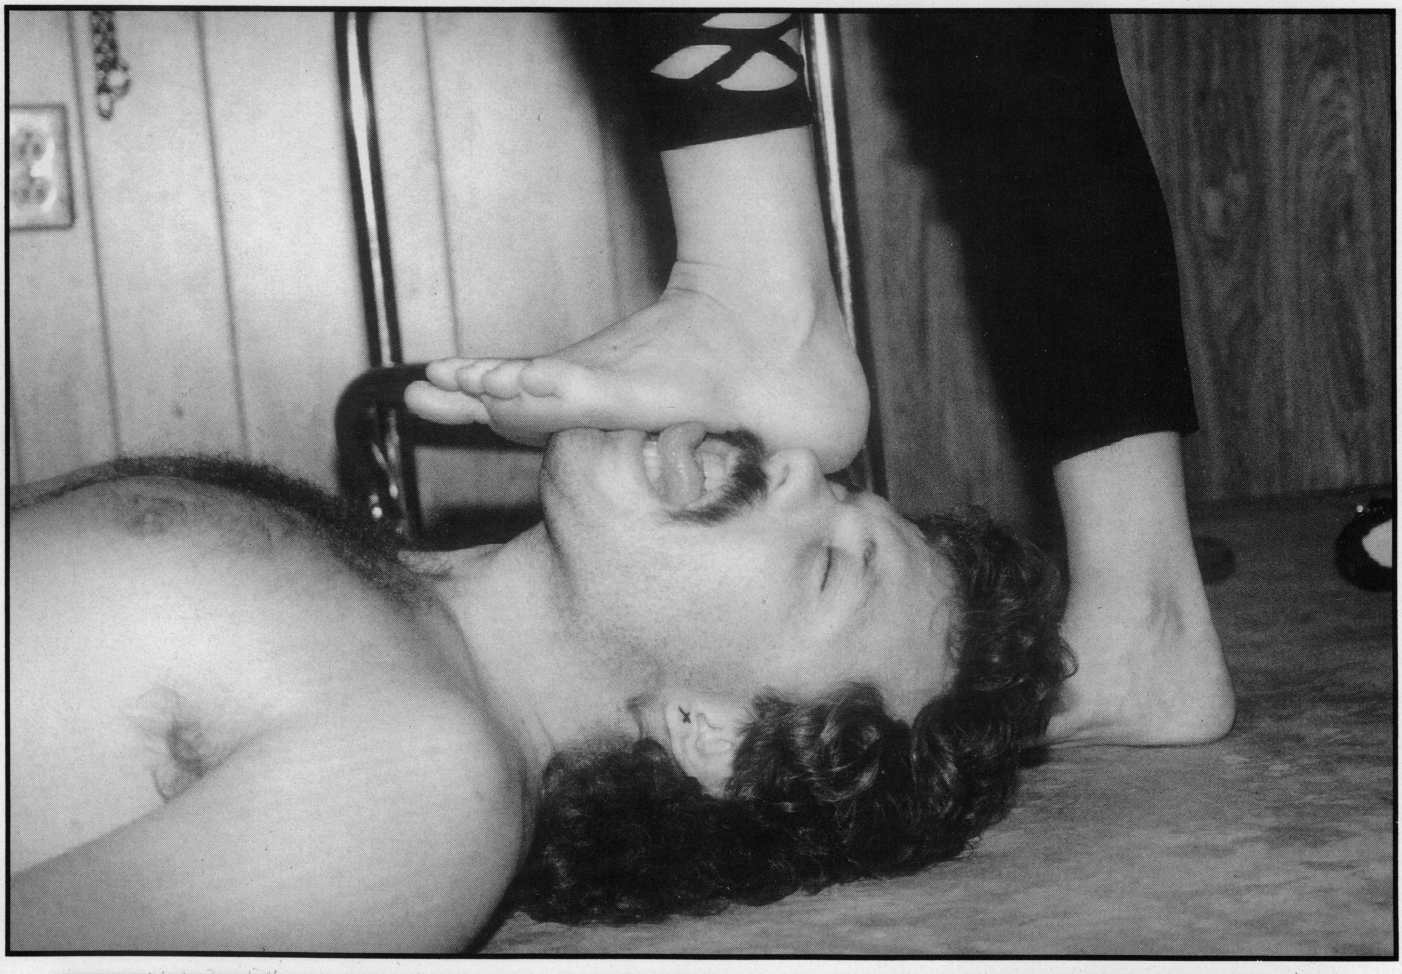

But to business, I asked you over to talk about some of Carter Stevens' new videos. It is quite a crop this time. ***Mistress vs. Mistress***, ***Banana Split***, ***A Visit to Mistress Debbi***, and ***A World of Payne*** have something for about every taste.

I love a challenge, and ***Mistress vs. Mistress*** shows us a real battle of the sensual titans. Mistress Cherri and Princess Pamela Payne square off to decide who is the best. Our Princess rules in the North, while Mistress Cherri is queen of the magnolia dominants.

Mistress vs. Mistress

Sadly, in this monumental battle, Princess Payne is sorely handicapped by having one of the most dull-witted, obtuse slaves it has ever been my misfortune to see. Still she carries it off with a royal grace.

The video opens with three chained slaves on their knees in front of a fireplace. The lovely Gina Sweets is flanked by a bare chested gentleman with a magnificent mop of hair and a very masculine moustache and another man with a black muscle shirt and relatively short hair. Both have hairy chests

- I love hairy chests.

Come here and kneel by me to I can put my hands down the front of your shirt to see if you have a hairy chest. Shy? Don't be; just come over here!

The two dominant ladies are positively exquisite. Princess Payne is wearing a wide black collar with a red heart on the front. Her black bodysuit is fitted into a long black leather skirt. Mistress Cherri"s white blouse is accented by silver chains running horizontally from a leather harness that runs from her crotch to her throat. She also has a spiked wristlet on her left wrist. Both women are in high heels and gloves.

To begin the action, Princess Payne orders her slave Gina to strip and attaches the slut's wrists cuffs to overhead chains. I was waiting for some hot discipline here, but for this point, Gina's role is to play the horny spectator.

The first round is licking. Manly Moustache goes at Mistress Cherri's boots with the delicate touch of a true leather-tonguer. He leaves not an inch unlicked, even deep throating her heel. Princess Payne orders her slave to do her leather pants and he acquits himself honorably.

The next round is foot worship, and Moustache outdoes himself, his eyes closed as he savors the taste of a true mistress' foot. As a reward, Mistress Cherri lets him take off her skirt and kiss her ass. My goodness, the black G-string this reveals is exquisite with little silver chains sparkling from her pussy area.

Princess Payne's slave has hardly begun when he makes a basic, and costly, mistake. He calls her Mistress, a title that Our Princess will not accept. He is warned and then promptly does it again. This is too much. She orders him to strip off his pants and assume the position.

The hairbrush spanking which follows is severe - doubly so because the clod fouls up his count, not once but twice. Of course. Princess Payne has him return to the starting point each time which converts the promised 25 wacks into something above 50! During the spanking, the camera takes a marvelous position, in front of the suffering man. This

way, a single shot takes in his tormented face flanked by the forms of Mistress Cherri, watching with a connoisseur's eye, and Princess Payne. By the time, the spanking is finished, the clod has been left with a red ass, ridged by lines of darker red which will provide reminders of his misbehavior for quite a while to come.

However, as a reward he is allowed to remove The Princess' skirt and lick and kiss her ass, a task at which he proves adept.

Now, the competition heats up. Mistress Cherri has her slave remove his pants and she commences one of the most intense cock torture session that I've ever seen in video. With just her delicate hands, she twists, distorts and yanks his cock until he can hardly stand.

I have to give this slave a lot of credit. In a session with half this intensity, I would not only have to tie Wimp's hands, I would have had to tie him completely down. However, despite agony that is clearly visible in the man's face, he keeps his hands at his side and takes it like the well-trained slave that he is.

Not content to just play with the cock as it is, Mistress Cherri puts a double-wide studded cock ring on it and continues to play with the now trapped cock. She has a wonderful technique of snapping one finger down across the cock that makes it jump and the slave shudder in pain.

Finally, Princess Payne offers Mistress Cherri one of her riding crops to finish the action. Now, the poor sod really gets to SUFFER! This kind gesture softens Mistress Cherri to the point that she admits to her competitor that the bulk of her "education" in domination came from watching Our Princess' movies.

With this admission, their friendship is sealed. The two male slaves are sent out to clean the septic tank, and the two women turn their attention to Gina who has been observing all this from her bondage position.

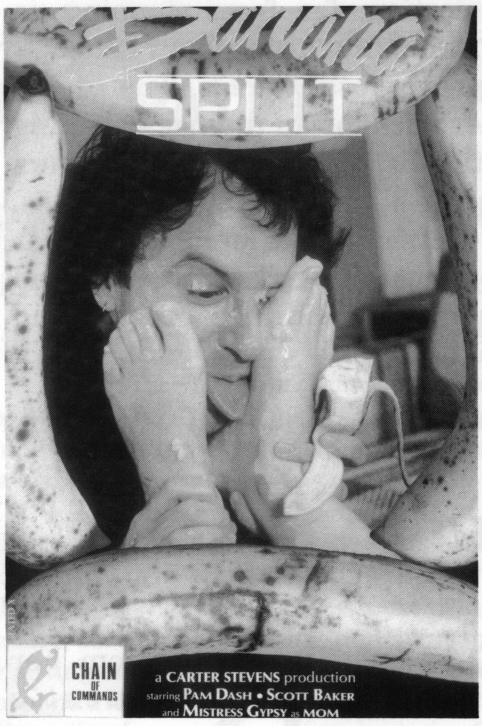

Their nipple play soon has the poor girl so excited that she can barely stand and is soon biting her own arm. Since she seems to desire a bit of intense stimulation, the women turn her around and begin to spank that lovely white ass. Soon, it is no longer white, both Mistress Cherri and Princess Payne have discarded their gloves and Gina is twisting in erotic suffering.

One thing that sets this film out from

Banana Split

Banana Split is the story of humiliation and punishment between siblings and their subjugation by a domineering mother. Spanking and foot worship abound as brother Brad and sister Jan take turns punishing each other in sadistic and humbling manners. Jan's feet are given a firm tongue lashing by Brad while he mushes a large, fleshy banana between her toes. She squashes the pliant banana into his face with her feet and totally turns the tables.

When Mom comes home, the fun and mellow yellow games are over - now it's time for some real punishment!

all the others is that Gina uses her safeword, and people get to see how skillful dominants deal with that situation. The torment is stopped immediately and she is untied, but the erotic portion, far from stopping, is intensified. Gina first kisses Our Princess's ass and then Mistress Cherri's. Then, Gina is put on her back for an intense queening session with Mistress Cherri, who covers the slut's mouth with her pussy and ass, rising only occasionally to let her breath. It is clear from both Cherri's expression and her movements that Gina has an active and skillful tongue.

Banana Split

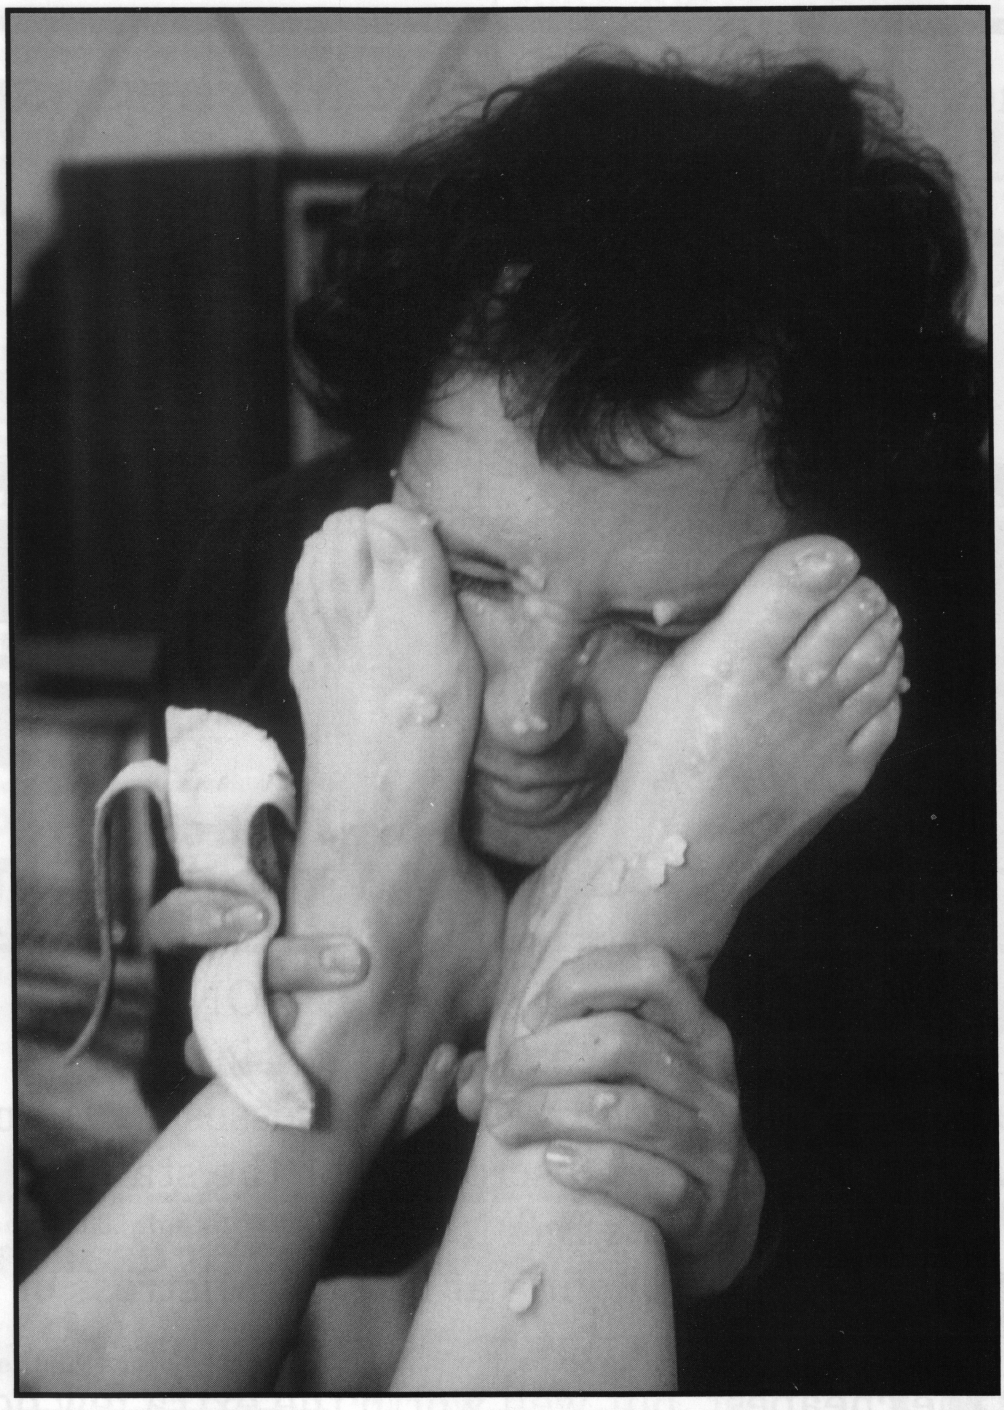

While Princess Payne doesn't want to detract from her guest's pleasure, she is obviously feeling left out so she suggests moving the action a bit. The two women recline with their legs meshed and their pussies only inches apart while Gina puts her head between the two heavenly openings, covered only by thin fabric, and licks both as the two dominants writhe in euphoria.

Phew, let me take a sip of juice. Telling you about that video was almost as exciting as watching it. Come here and suck my toes while I tell you about ***Banana Split***. It features Pam Dash as Janet and Scott Baker as Brad, a kinky pair of siblings, with a short segment with Mistress Gypsy.

If age play is your turn on - ohh, I can tell by the way you sucked my toe then that it is - this is a perfect picture for you. Although they are both clearly over 18, Janet (Pam) is the image of the tomboyish sister that so many young men dreamed about. Brad (Scott) is the hunky brother that would make so many nymphettes cream in their beds.

The video begins with Janet sneaking a smoke near the fireplace. This is not a wise thing to do in the home of a reformed smoker, which Brad promptly reminds her of. He gives her a choice: get punished by mom when she comes home or take her licks from him. If she took the former, this would have

been a much shorter and less interesting movie.

He begins with a properly brotherly spanking over her clothed backside. This, however, doesn't last, and quickly her scarlet cheeks are revealed. The spanking is relatively severe, but only sets the stage for what comes next.

Mistress, Mistress, I've finished with Wimp. Can I ... Oh, I didn't know you had company.

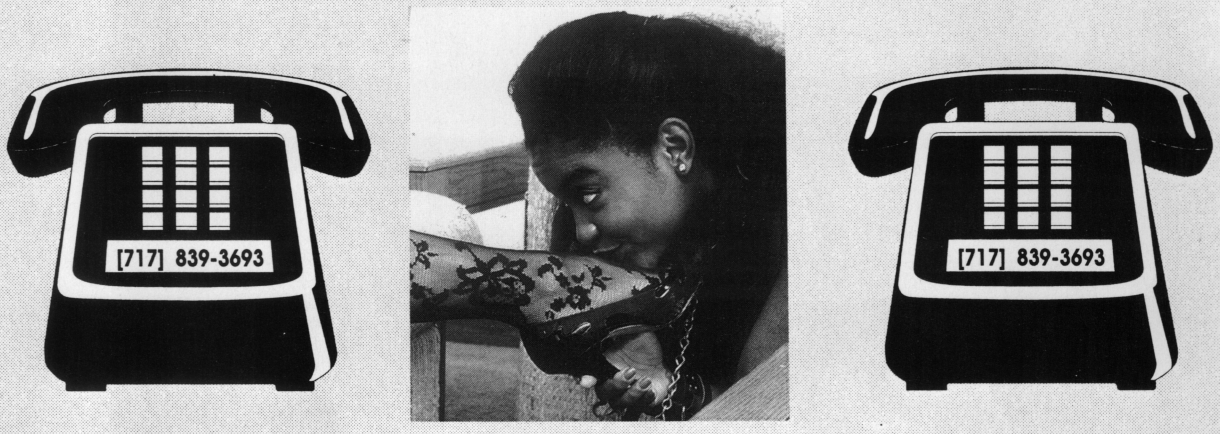

Isobel, I don't know what I'm going to do with you. I was telling our guests about Carter Stevens' new videos and you've interrupted me. Get down on your knees!

Yes, Mistress; sorry, Mistress.

Bring me a riding crop.

Did I tell you that you could stand up to do it? Down to the dungeon on your knees and bring me the long crop with the wire handle.

Please, Mistress.

That does it! On your belly, Isobel! Crawl down to the dungeon and bring me the crop back... in your mouth.

I'm sorry; impulsive slaves are so hard to live with. Where was I? Oh, yes! After the spanking, Janet realizes that now she has something to hold over big brother, and the tables are turned. However, she has another activity in mine. Brother Brad ends up on his knees first worshiping her shoes and then her feet.

This is such a nice switch. Most shoe worship scenes feature black leather stilettoes or high boots. This is the first time I've seen a video with Nikes the center of attention. It's a nice change. Besides, leather can be so sterile. A well worn sneaker acquires a certain "personality," a "flavor," and it is obvious that Brad is a authority on that flavor.

It is also obvious that this set of siblings have played this game before. Janet's other foot is just a little too able to find Brad's sensitive nipple and even more sensitive cock while is engrossed in sucking and smelling.

Subtly, the energy shifts again as Janet reacts to Brad's touching her more ticklish spots. Soon she's screaming with laughter, and helpless when he pushed her back on the couch and pulls up her shirt to

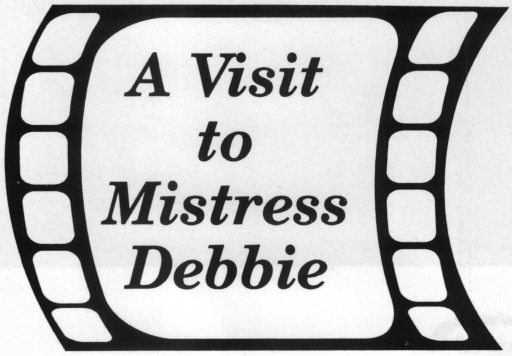

reveal girlish breasts with very erect and "interested" nipples. It isn't long before the nipples are in his mouth and her screams take on a new note of passion.

The sensual play continues as he pins her to the couch with his body and makes her the prime exhibit in a "anatomy lesson" as he carefully traces out each rib over her heaving, ticklish flesh with a diabolic touch. The screams are soon almost earsplitting.

Just when you think you can't take any more, it gets kinkier with Brad pulling Janet to the floor and, holding her legs in the air, mashing bananas on her feet and between her toes. This, of course, provides a perfect dish on which for him to dine, much to her consternation - and screams.

All sexy things must come to an end and the arrival of mama (Mistress Gypsy) cuts short the siblings fun. Gypsy is perfect in severe dress and stern, bound-up hairstyle. The moment you see her you know that both of the naughty children are going to take a turn across her knee. They do; Janet gets hers on a bare ass while Brad gets to show off his (ugh) purple underwear.

The next video takes us to Rotterdam in the Netherlands and the dungeon of ...

Mustress, mumble, mumble.

Well, I see our belly-wiggling slave is back. ISOBEL WHEN ARE YOU GOING TO LEARN NOT TO INTERRUPT ME WHEN I'M TALKING! Give me that riding crop. No! You don't stand up! You crawl over here and offer it with your mouth.

That's right. Now, lie on the coffee table so you are in easy reach. No, not face down. Face up. I want your pussy and breasts exposed.

I'm sorry. She is SO difficult. Her former master was most inexperienced and left her with all sorts of bad habits.

Well, this next video is ***A Visit to Mistress Debbie***. Mistress Debbie is one of the foremost dominants in Europe and watching her will be a real education for anyone. Also in the film are Slaves Goof, John, Maarlin and Sophia.

The video begins with Mistress Debbie drinking champagne while wearing a black leather coat that shows off the tops of her lovely breasts and tight, lace-up leather pants. Her house slave, Sophia, has forgotten to reorder the champagne and it runs out, a matter of dire import for any proper mistress. This, of course, calls for corrective measures.

Swisssh, Crack! *Ouch, Mistress.*

That reminded me of your misbehavior, Isobel. Keep your legs spread; I may want to hit you there again.

Feel free to pinch her nipples while I'm talking. It will keep her alert.

Sophia begins on the floor worshiping her mistress' shoes and then has cigarette smoke blown in her face. Finally, she goes over Mistress Debbie's lap for a spanking. It begins rather lightly on her leather covered ass. Sophia is a big wimp and starts crying almost as soon as the spanking starts.

Did you call me, Mistress?

Ah, Wimp, I was wondering where you were. I see you've left the wax on. I think you've learned your lesson; you can kneel at my feet and suck my toes while I entertain our guests ... and deal with this mouthy slave.

Crack! My god, please, Mistress.

Quiet, Isobel.

Wimp, I wasn't calling you. I was saying that Sophia in this video was a wimp. In fact, she was a bigger wimp that you. Only a few spanks on her covered rear and she is begging for mercy. Of course, she doesn't get it. Mistress Debbie unzips Sophia's leather skirt and begins use harder

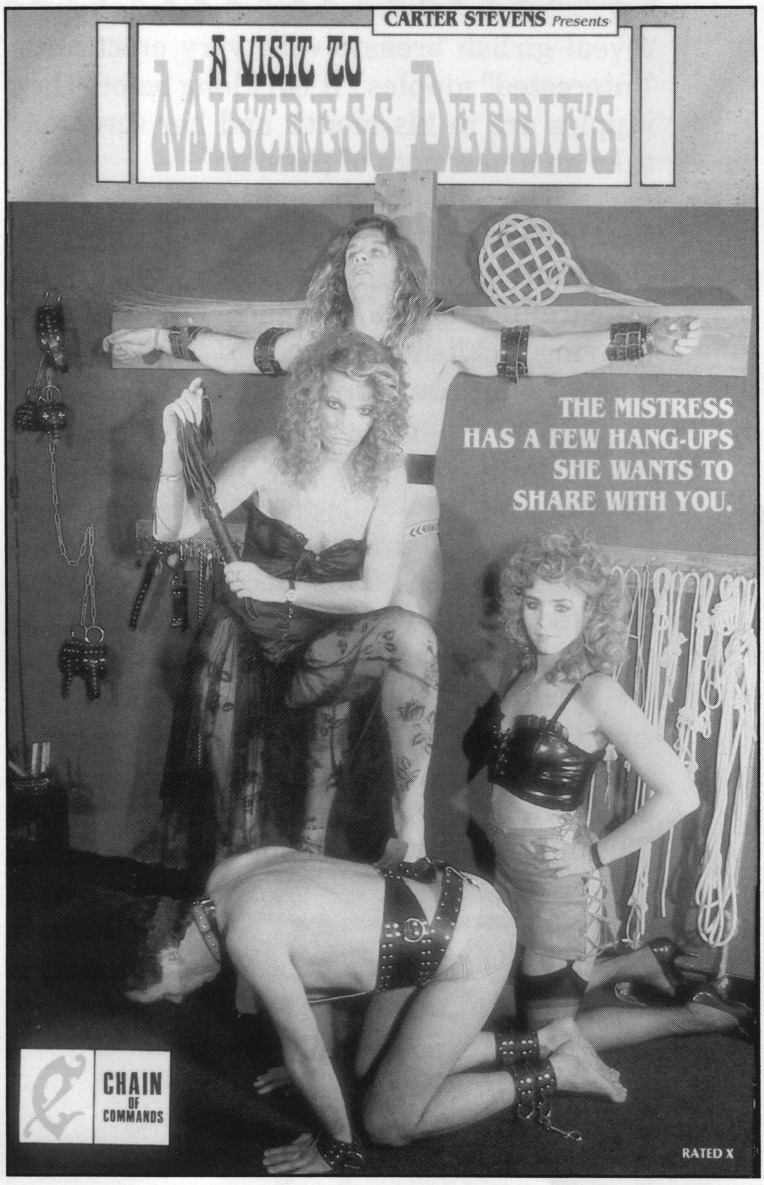

A VISIT TO MISTRESS DEBBIE'S

When her careless female slave forgets to order enough champagne MISTRESS DEBBIE must punish her with a stern training session followed by an old-fashioned over the knee spanking.

This is followed by her first client of the day, a blonde, long-haired hunk who MISTRESS DEBBIE quickly puts in his place. His place is, of course, at her feet where he washes and worships her feet. Not satisfied with his efforts, the cruel Mistress hangs him up on her cross where she can have her female slave sexually tease him and frustrate him so that he can learn what it means to be a true slave of MISTRESS DEBBIE.

Her next client is luckier. His meek acceptance of all the training and punishment Mistress Debbie puts him through is finally rewarded in a most humiliating manner.

spanks on the lovely rear that is exposed. Only when she is convinced the slave truly regrets her oversight does Mistress Debbie stop.

Even mistresses must work; a client is waiting and what a client, a young, long-haired Fabio look-alike in blue work clothes. Sadly, he is inexperienced and doesn't know when to stop talking.

Rather like someone we know.

C r a c k ! *Ahhhhhh!*

However, he is a quick learner and does an adequate job of worshiping Mistress Debbie's shoes so she allows him to take a tongue voyage up her leather chaps and across her stomach, finally finishing up on her G-string.

Then, she has him completely strip. Sigh, Wimp, you should have such a body.

I'm sorry, Mistress.

Spend more time in the weight room, Wimp. More time in the weight room.

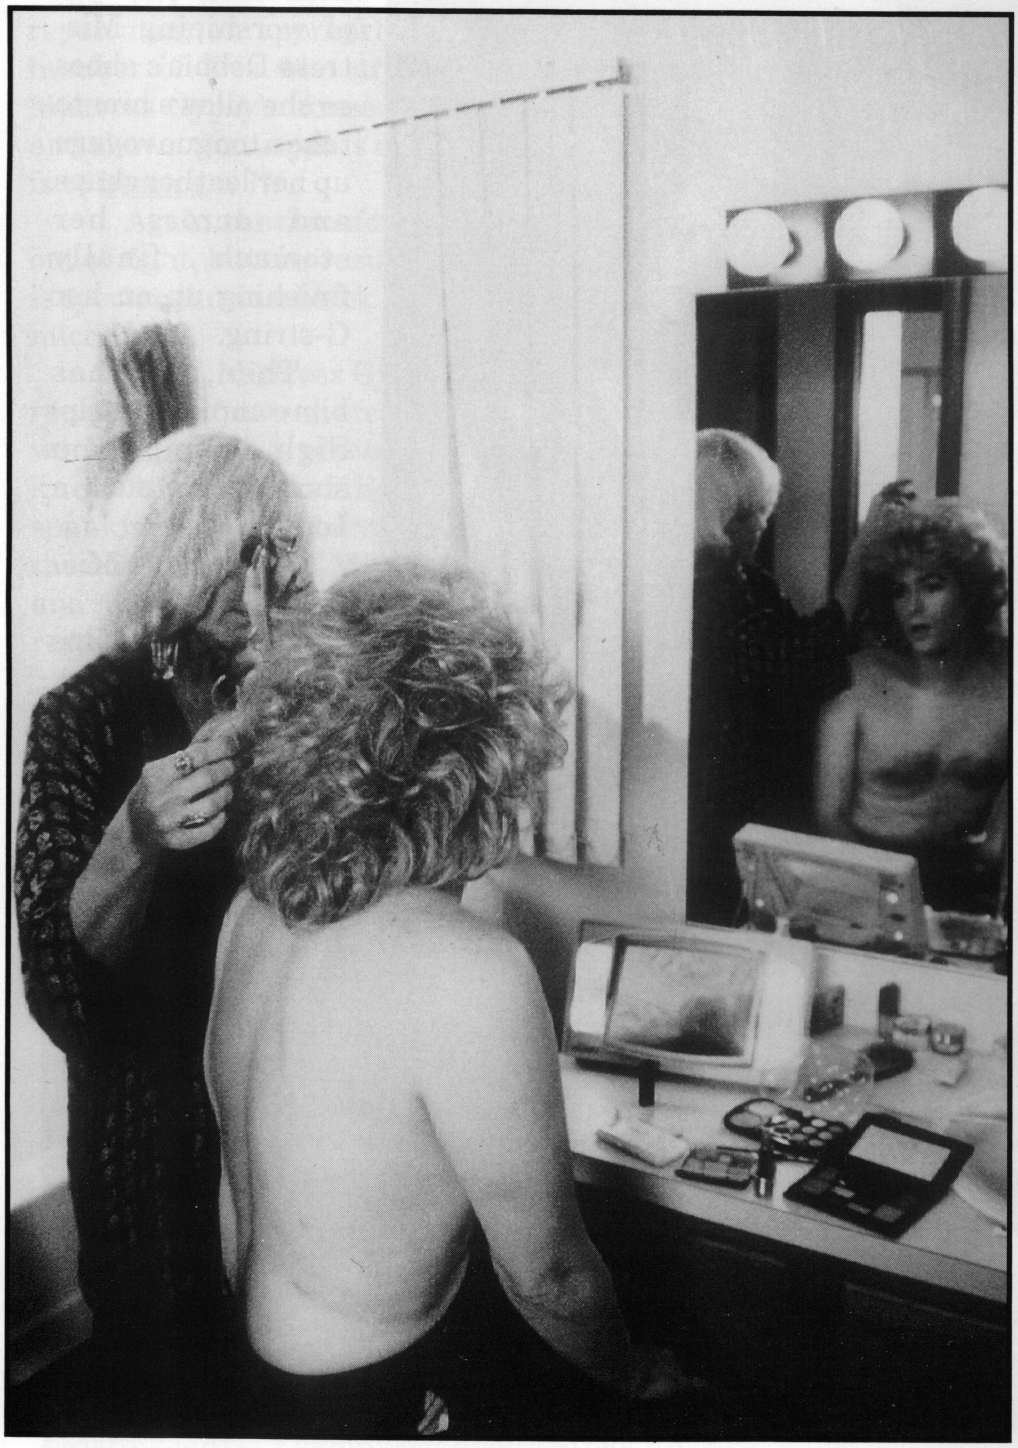

This is a young god with a nice uncut cock. He is, then, told to wash Mistress Debbie's feet, a task he executes adequately, but impairs his performance again by his inability to keep his mouth shut.

Please! Please! Not again! Crack! *Ahhhhh!*

This is made worse when he ogles the house slave. For these transgressions, he is firmly fastened to a cross and his cock placed in leather bondage. Sophia is then ordered to stand in front of him and play with her breasts to teach him why he shouldn't stare.

He probably believes he is forgiven when Mistress Debbie orders Sophia to suck

his cock. This, clearly, is a task at which she is expert and soon has him reduced to shaking and babbling incoherently. However, before he can satisfy his lust, she is ordered away, and the two women depart, leaving him hanging, cock swollen to the bursting point and no way to satisfy himself.

After an indeterminable time, Mistress Debbie returns leading another slave who crawls after her on all fours. The new slave isn't quite the hunk that Blondie is, but he's satisfactory and, as it turns out, much better trained. His bod is shown off quite well since all he is wearing is a collection of leather straps.

At first, she considers letting Blondie stay and watch but, finally, sends him off with Sophia. No, Snookums, he isn't going to get laid. Our blond Adonis is going to clean the kitchen ... with his tongue.

The new slave begins his workout bent over a spanking bench but is quickly transferred to standing bondage in front of a mirror where, with his legs spread apart and fastened to rings in the floor, he is treated to sensual pinches and nipple fondling by Mistress Debbie.

From there, they move to a bondage bed where his legs are suspended and his hands tied over his head.

A WORLD OF PAYNE

The Queen of Dominance is Princess Pamela Payne. Enter a world where the beautiful Mistress rules over all men. A world where they serve her every whim with willing abandon and love. A world where they are punished for the slightest mistake or oversight, or even for no reason at all except the Princess wishes to do so.

The Princess starts her day when David, one of her houseboys wakes her, bathes and worships her feet, and helps her dress. But the poor boy forgets her foot basin and then the annoyed Princess discovers the slave quarters a mess. David receives a severe bare bottom spanking! Next the gardener is caught using the front door, before she can explain she hangs him up right there in the front hall. He is whipped and put through severe cock torture he won't soon forget. The last stop on the tour of her inspection is the pool room. What she sees there is far below her standards. This slave is bound and trussed on the very pool table he was supposed to clean. The cruel Mistress delights in her cruel ministration of the whip! All the slaves have learned what it is like to live in A WORLD OF PAYNE!

Crack! *Ouch, Ahhhh!*

I didn't want you to think I had forgotten you, bitch.

In this most helpless position, he is treated to a wonderful session of erotic touching and nail scratching. Mistress Debbie is clearly taken by this second slave and spends a lot of time playing with and pleasuring his cock. She even licks his chest and nipples and, then, offers her own breasts to his lips for their mutual pleasure.

To add an air of sensual contrast, she used several scarlet hemostats to pinch his balls and nipples, but she soon relents and again plays with his cock, this time with a vibrator.

By this time, both of them are feeling extremely lusty and the video ends with Mistress Debbie allowing him to tongue her G-string.

Ah, that was pleasant. Pass me the ice tea, Wimp. Isobel, you can get up now. I want you to go to the dungeon and put on the scold's mask. You are going to wear it for the rest of the day to teach you to keep silent.

But Mistress...

Isobel! Silence!

Yes, Mis....

I said "SILENCE!" Go!

May I stay and serve you, Mistress?

Yes, you may, Wimp. Besides, this next video may give you some valuable lessons.

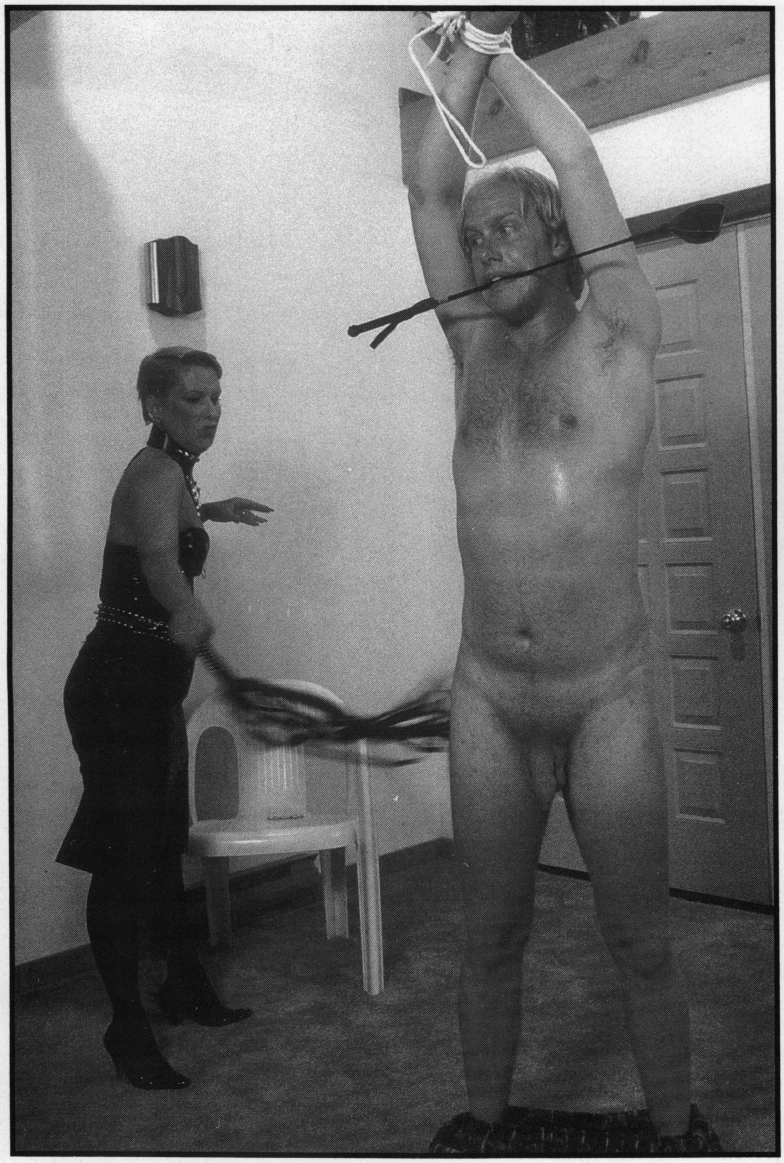

It seems that I am not the only mistress plagued with sloppy, incompetent slaves.

ME, Mistress?

Well, actually, I was thinking of Isobel, but I can also think of some times...

Yes, Mistress.

Anyway. The last video, called ***A World of Payne***, deals with the problems Princess Pamela Payne has with her slaves David Sacher and Danny Boy and, of course, that perennial incompetent, Moose Malloy.

A World of Payne

The video opens in Princess Payne's bedroom, David has come in to awaken her, but he has forgotten her morning footbath. This does not promise good things for the day. Viewers will be pleased to know that Our Princess sleeps only in a G-string.

The forgetful slave rushes to get water and a towel, but anyone can see that he is in trouble despite an excellent footwash with both his hands and his talented tongue.

Properly bathed, Princess Payne dons, with the help of her slave, a striking outfit of leather and metal including a sleek leather bustier and a gorgeous collar. However, things only get worse for her slave as, on the first stop on her inspection of the house, she finds the slave quarters in a mess. He protests that it was Moose Malloy's responsibility to clean.

This gets him spread across Our Princess' knees for a spanking. At first, she uses a colorful fly swatter but soon discards it for her hand, which proves much more effect in driving home the point. Finished, the throws the slug to the floor and goes in search of his fellow slave, Danny.

This must be the slaves' day to compound felonies because she catches Danny coming in the front door instead of the slave door.

You let us use the front door, Mistress.

Be precise in front of our guests, Wimp. You don't use the front door; you use the doggie door IN the front door.

Yes, Mistress.

For this, he gets tied to a handy overhead hook (Mistresses' homes are just LOADED with handy overhead hooks) with his own pajama belt, and Our Princess pulls down his pajama pants. Hmm, the reddish public hair is a nice contrast to the blond stuff on his head. He, of course, protests that Moose was responsible for cleaning the room.

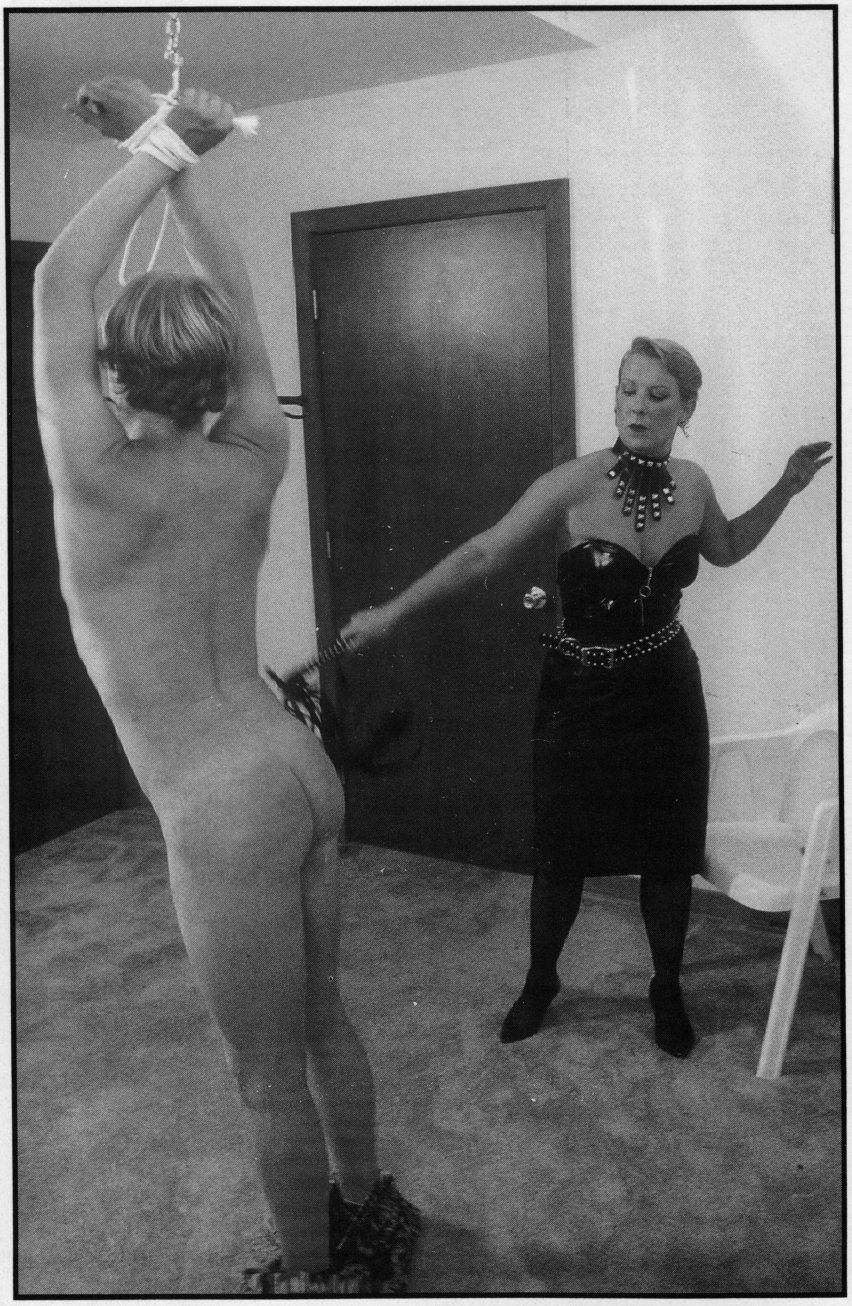

I wish I had this slave. He protests so nicely while he is being first cropped and then whipped, and his cock bounces so nicely. This is a severe whipping and soon he is covered with a glistening film of sweat while his ass begins to resemble a tomato.

Princess Payne is such an artist. After she is finished whipping him, she brings out a white paper bag. Anyone else would have taken the contents out one at a time. She, instead, dumps it all at his feet. The gasp and the widening of his eyes tell better than words his reaction.

Of course, we don't have to guess how he likes clamps because soon he has clips hanging from his balls and nipples. Princess Payne even puts two right on the tip of his uncut cock. However, he bears up well and to "reward" him, she takes off her bustier and waves her nipples just out of reach as he tries to taste them with an outstretched tongue. She completes the scene with a whipping of his now erect cock and balls.

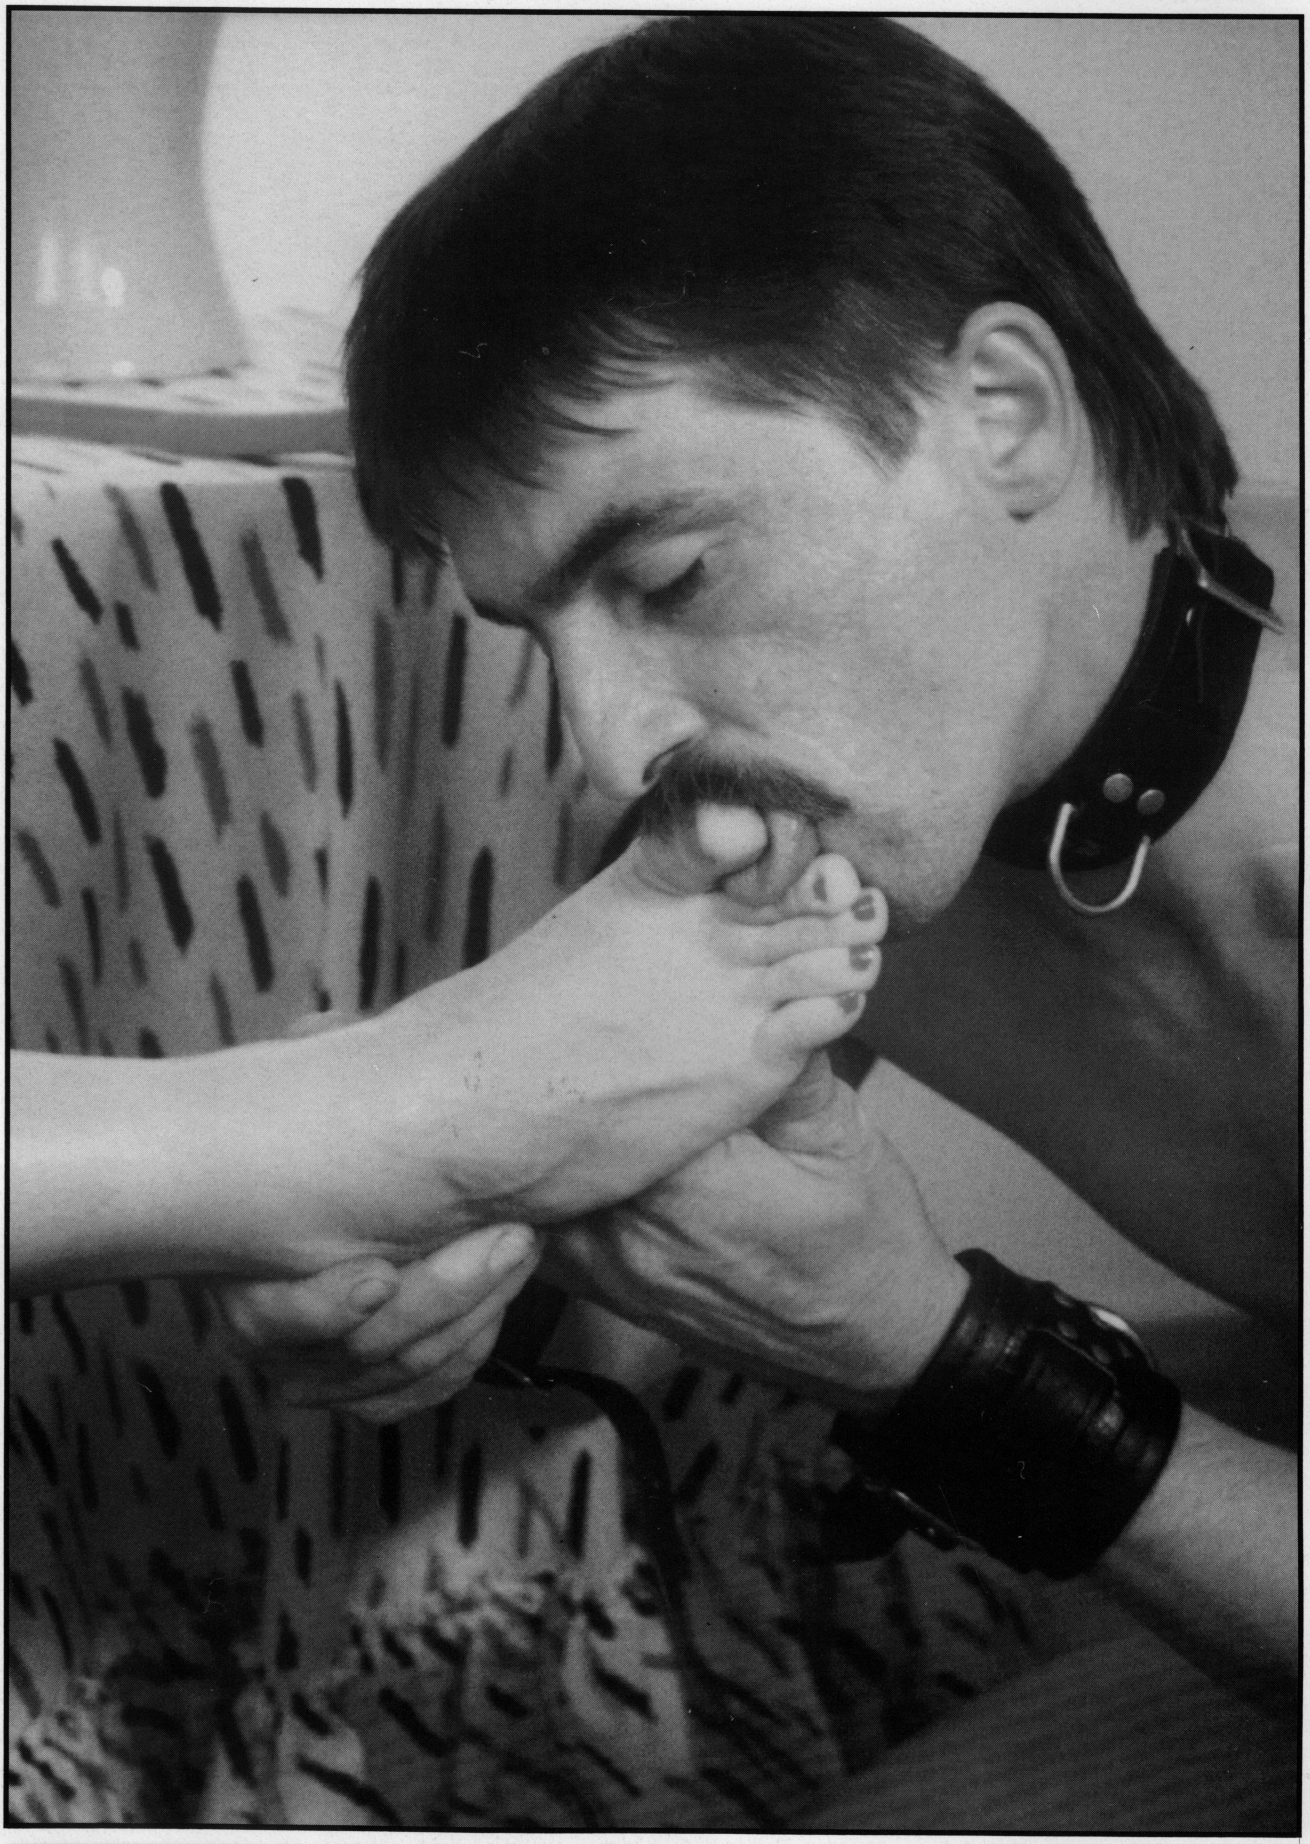

Our Princess tracks down Moose in the billiards room and he admits that cleaning the slave quarters was his duty. He, also, compounds things by calling her Mistress, a title we all know she dislikes. For his sins, Moose is tied on the billiard table and blindfolded. Princess Payne starts with a standard whip, changes to a riding crop and then finishes with a heavier whip.

With that set of slaves, I can only imagine what happened after the video ended.

Video Delights

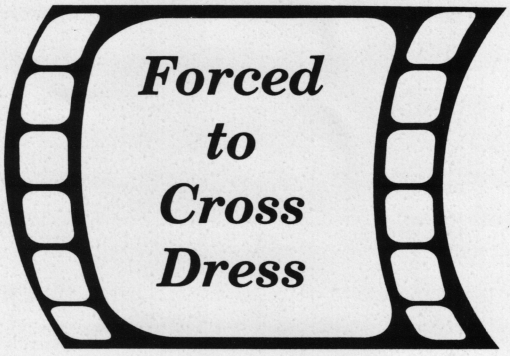

by Mistress Michele

What is it, Wimp? Oh, I see; we have guests. Come right in. Sit down. Wimp, get refreshments. And check on Isobel. I'll bet she's reading one of those sappy romance novels instead of cleaning the dungeon with her scold's mask on.

Yes, mistress; immediately, mistress.

We have three wonderful videos from Carter Stevens to talk about today: ***Forced to Cross Dress***, ***The Bizarre World of Scott Baker***, and ***The Payne Principle***.

The first is a real thriller for those boys who will be girls and the people who love them. It stars Mistress Gypsy, "Marilyn" West, Howard White and Marc David as Vanessa.

You all know there is no fury like a mistress disappointed, so you'll appreciate the electricity that is in the air when Mistress Gypsy's slave appears in his masculine attire when she was expecting "Mar-ilyn." To make matters worse, the slave is reluctant to make the transformation. Of course, his reluctance is brushed away by his mistress, and soon he is spreading on beard cover, watched over by the hawk-eyed Gypsy.

Although I have seen it a thousand times, it is always a wonder as the rough male cocoon breaks open and woman emerges. West is a perfect subject. Although he is clearly masculine, his features transform under the foundation, eye makeup, eyelashes and a blond wig. By the end, he is woman.

Even his mannerisms change as he gazes into the mirror and exclaims in a soft girlish voice, "Mistress, what have you done to me; I look like a girl."

Mistress, you were right. Isobel was reading.

Well, I'll punish her

later ... and I'll punish YOU for interrupting me. Maybe, I'll make you into a girl. Hmm, that might be perfect. When my slave Curt is transformed, he is believable, but you are a squat troll. It would be a suitable punishment to send you shopping in a bra and dress.

Please, no!

Silence, I'll decide later. Serve my guests.

After the conversion is complete, Marilyn is sent off to dress. Of course, the silly slut is slow, so Mistress Gypsy has to assist. It is amazing how strong whipping can make the arms, and she uses all that strength to pull on Marilyn's corset until the poor girl is barely able to breath.

The next transformation is Robert, the unfortunate hairdresser. The salon knows that Mistress Gypsy will not allow a man to touch her hair, but they send one over anyway. The solution is simple. Robert must become Roberta.

When Robert protests, "I'm not a female," Mistress Gypsy immediately responds, "You will be when I get through with you," and straps him to a chair where his transformation begins with a careful shaving.

He is then collared, cuffed and led off camera by Marilyn. The Roberta who returns is a striking blond whose color clashes a bit with the black leather she is wearing. Mistress Gypsy strips off these and replaces them with white leather, including a leather bondage belt with a crotch strap. He is forced to sensually don white nylons and then is displayed for the camera.

She was pretty!

I know, Wimp. She looked a lot better than you. Hmm, she even looked better than Isobel.

The next fly to the web is a TV repairman, an appropriate title given the number of TVs who are roaming around Mistress Gypsy's house. He is handcuffed and shown that is job is not to fix the TVs, it is to become a TV.

Again, the transformation takes place out of sight, but the result is awesome. She is spectacular in a black bustier and leather micro mini.

Then, Mistress Gypsy shows the "TV repairperson" how she repairs TVs who don't work right. She is placed over the mistress' knee for a blistering, bare-bottomed spanking. The hairdresser soon discovers the blissful agony of Mistress Gypsy's hand and this bitch screams much better than our repairperson.

Finally, all three are lined up on their knees facing the fireplace and Mistress Gypsy plays them like a xylophone with a riding crop. It is truly a symphony of pain that fills the room while she works. This continues until the words, "The End" appear right over the reddened, wiggling asses.

The Bizarre World of Scott Baker

You wouldn't really make me go out in a dress, would you, mistress?

Of course I would, you little slut. You are mine to do with as I see fit. If it would give me the tiniest pleasure, I'd do it. And if I did, you would do it happily BECAUSE it would give me pleasure.

Yes, mistress; forgive me, mistress.

Our next video is ***The Bizarre World of Scott Baker***, starring Scott Baker, Mistress Ilsa, Mistress Gypsy, Pam Dash,

THE BIZARRE WORLD OF SCOTT BAKER

Come visit THE BIZARRE WORLD OF SCOTT BAKER. Star of Oh Calcutta on Broadway and king of the 2:00 A.M. cable nudie flicks, Scott Baker has an even stranger side to his nature. For years Scott has appeared in many fetish videos and has become one of the few male stars in the genre.

Now Amsterdam Films has collected the best examples of Scott Baker's weirdest scenes (some of which have never been released to the public before). See Scott in his Mr. Clean Up outfit as he makes love of a refrigerator!! See him give and take erotic spankings. See Scott the clown, in a room full of blow up dolls. And see Scott do what he does best, worshipping the female foot. Watch him kiss, lick, fondle, and even eat mashed bananas from between the toes of a willing female. The only way to describe this experience is "bizarre". So sit back, relax, and take a magical trip through THE BIZARRE WORLD OF SCOTT BAKER.

Angela and Gina Sweets. This one is a smorgasbord of kinky delights with outakes from the best of the many films Scott Baker has made for Carter Stevens. It begins with Scott talking unblinkingly at the camera in a wonderful Hannibal Lechter imitation describing the lustful depths and erotic heights to which the film is aspiring.

I love Dr. Lechter and it tickled my pussy to see this segment.

The first segment tickled another part of my body, although: my funny bone. It featured a bald Scott doing an erotic take-off on a certain familiar cleaning product whose spokes-image is a chrome-domed genie with a mop.

With a bare-breasted straight woman, Scott does a frenetic mating with several common household appliances which includes a hilarious routine where he attaches refrigerator clips to his nipples and humps the refrigerator. It turns out this is all necessary because the "cleaning fluid" is his cum.

I liked that scene.

If you even consider fucking my refrigerator, Wimp, I'll feed your cock to the icemaker.

Yes, mistress.

In a hotter, and more conventional, comedy routine. Scott is an IRS agent paying a visit to Mistress Ilsa. He is greeted by the slave receptionist who takes him to the mistress. His expression is priceless when he realizes that the receptionist is barefoot and in irons.

In the dungeon, it is a battle of wills with Scott wanting to see receipts and Mistress Ilsa wanting worship. It wouldn't be much of a movie if Scott won, and he doesn't. Soon he is on his knees energetically worshiping her boots while trading horrible puns with the mistress.

Anyone who has not seen a champion tongue player at work should watch this sequence. He even unlaces her boots without using his hands. The best part, although, is where he take off her stocking while kissing and caressing her leg. This also gives a nice view of the tattoo on Ilsa's ankle, a chain surmounted by a quarter moon. Scott even holds her nylon in his mouth while caressing her leg with his cheek.

Am I a better foot kisser than, Mr. Baker?

Wimp, you aren't even in his class. You make Isobel look good, and she slobbers. Go and refill our guest's glass. It is getting low.

The next sequence begins with Scott sucking Pam Dash's toes, but quickly the orientation shifts as he begins to tickle her. Soon she's screaming with laughter, and helpless when he pushed her back on the couch and pulls up her shirt to reveal girlish breasts with very erect and "interested" nipples. It isn't long before the nipples are in his mouth and her screams take on a new note of passion.

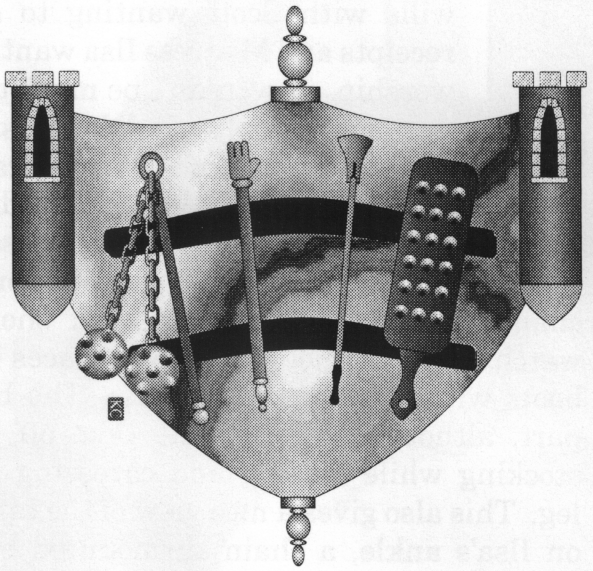

The sensual play continues as he pins her to the couch with his body and makes her the prime exhibit in a "anatomy lesson" as he carefully traces out each rib over her heaving, ticklish flesh with a diabolic touch. The screams are soon almost earsplitting.

Just when you think you can't take any more, it gets kinkier with Brad pulling Janet to the floor and, holding her legs in the air, mashing bananas on her feet and between her toes. This, of course, provides a perfect dish on which for him to dine, much to her consternation - and screams.

The following one is truly weird, even in a collection that is titled "Bizarre." Scott is dressed in clown makeup and costume, black hat, red lei, and blue and red hair in a room filled with plastic sex dolls. While a young woman looks on, he makes out with one of the dolls while carrying on a monologue like a crazed midnight caller. The scene ends as he cums.

The next is a more standard scene between Scott in a suit and Gina Sweet in a red negligee. What is hot about this is that most people's spanking technique is something like a slap. Scott's, here, is more of an open handed blow. After only a few of

these, his handprint is clearly visible on Gina's ass in a shade that matches her negligee.

He also has an almost maniacal air about him that is terrifying titillating. It clearly has an effect on Gina. Half way through the spanking she drops one leg off his lap and is clearly humping her pussy against his knee. When he is finished, she exclaims with enthusiasm, "That was great fun."

The final segment has Mistress Gypsy playing Scott's mother in an intense spanking scene. She is perfect in severe dress and stern, bound-up hairstyle. For anyone into Mommy-punishment scenes, this segment makes the video. The punishment begins with spanks over his jeans but soon they are lowered and Mistress Gypsy is spanking his ugly purple underwear.

Our final video is *The Payne Principle* starring Princess Pamela Payne, Gina Sweets, Gentile Gypsy and Howard White. Howard and Gentile are a submissive couple who have answered an advertisement by Princess Payne. When she arrives with Gina in tow (literally - she's at the end of a leash), he greets them at the door wearing little but leather straps and underwear. Naturally, he makes "that" mistake and

A PAMELA PAYNE DOUBLE TREAT!

DUTCH TREAT

Starring
PRINCESS PAMELA PAYNE
with the resident slave boys of
Club DOMA

Once again Carter Stevens takes you inside the international fetish scene with a visit to the famous **CLUB DOMA** in the Netherlands. But this time he takes along Princess Pamela Payne, the world renowned "Queen of Dominance".

A willing slave leads the princess to the well stocked and stunningly modern dungeon and presents her with an already bound and gift wrapped slave who is prepped for cock torture which the Princess is only too hasty to administer!

After pleasing herself with the first slave, the Princess ties down the second victim for an extensive hot wax session followed by her feet being worshipped by both slaves, as she relaxes and sips champagne.

THE PAYNE PRINCIPLE

starring
PRINCESS PAMELA PAYNE
with **HOWARD WHITE, GENTLE GYPSIE**
and a special appearance by **GINA SWEETS**

When the queen of dominance, The Princess Pamela Payne comes for a visit it means a chance for her newest slave couple to learn how a true dominant can be served by willing slaves.

Brought to their knees in short order the couple takes turns licking her boots clean and kissing her firm ass. But when slave Harold's tounge roams too far from his allowed area the Princess puts him through a round of cock torture, bare-assed spanking, and then almost smothers him by sitting on his face. At the same time she is teaching her husband a lesson, she has the slave wife continue the training of her other new pet, famous submissive **Gina Sweets**. The wife shows a true talent for domination as she reddens poor Gina's ass to match that of her wimpy husband. The now happy couple finally take their place at their owners stocking clad feet, as they lick and suck her toes much to the delight of the cruel mistress.

The Payne Principle

calls Princess Payne "Mistress." However, she must have been in a forgiving mood because she simply corrects him.

Gina is quickly stripped to garterbelt and panties and sits by her Princess' side while the two are introduced. While Princess Payne idly plays with Gina's nipple, she offers her boot to Gentile who attacks it like a starving person. This gives the camera a great chance to show us Gentile's tongue and nose piercings. They are lovely.

Hmm. I bet a tongue piercing would look good on you.

Mistress!

More to the point, I bet it would feel good on my pussy when I let you lick me.

If it gives you pleasure, mistress.

I'll think about it. In the meantime, suck my fingers while I tell our guest more about the video.

Gentile brings a passionate enthusiasm to bootlicking that made me wiggle in my seat. I couldn't help but imagine how that lively tongue would feel on my pussy.

Right in the middle of this ecstatic scene, Gina protests that Princess Payne is tickling her. TICKLING HER! The nerve of that slut. She should simply exist for the pleasure of her Princess the way that Wimp

and Isobel exist solely for my pleasure.

Yes, mistress.

This disobedience gets her hands locked behind her back with handcuffs, which from her protests anyone could see she hates. Also, her panties are moved from her pussy to her mouth where they are strapped into place to muffle any further protests. Princess Payne then leaves Gina in a corner to await further discipline.

At this point, Howard brings in a drink for Princess Payne, which earns him points; however, it is hot, which takes away those points and then some.

In expiation, he is ordered to lick Princess Payne's boots, a task which he does well but not up to the standard that his wife has set, so she is invited to join her husband and both put their mouths to work on Our Princess's boots.

Then, Gentile is ordered to remove her husband's underwear. The pitiful excuse for a cock which is revealed is offensive to Princess Payne, and she verbally humiliates Howard while cropping his cock. Even Gentile's practiced tongue isn't enough to put a decent erection on it. Something which Our Princess uses as an excuse to continue to crop it. Howard holds up well under this, but his expression and the involuntary jerking of his body with each stroke shows that it is quite painful.

This pleases Princess Payne to the point that she allows them to remove her skirt and kiss her ass. Again, Gentile is clearly the better of the two slaves. Perhaps from carelessness, perhaps from selfishness, perhaps out of an attempt to outdo his wife, Howard gets his tongue too close to The Princess' pussy.

This earns him a trip across her lap and a spanking. When he is ordered to thank her for each spank, he makes "that" mistake again and calls her "mistress." This time, he is not forgiven and the spanking

becomes even harder.

Gentile is ordered to spank Gina, a task to which she brings the same enthusiasm as she brings to licking. Indeed, within seconds, Gina's ass, her writhings and the muffled grunts coming through the panties in her mouth show that this is a very, very severe spanking.

After what must have seemed like an eternity to the two suffering submissives, Princess Payne orders a halt to the spanking. She cuffs Howard's wrists to his ankles and blows cigarette smoke in his face. Then, pulling his head into her leather-clad crotch, she forces him to lick her.

Next, he is placed on his back while she squats over his face for further homage that becomes more and more intense until she is grinding her pussy into his face

The final scene has Princess Payne reclining ecstatically while Howard kisses one foot, Gentile the other, and between them, Gina lavishes her oral attentions on the Princess' pussy.

My goodness, mercy me, that was HOT. Just talking about it has gotten me so excited. You can find your own way out. I've got something that I want Wimp and Isobel to do RIGHT NOW!
